Marine Fisheries Presentation with McLead Seward and assistant.

- Why does the Marine Fisheries Age fish?

- How do they age fish? Scales, Fin Rays, Spines, Opercles, Cleithra, Vertebrae and Otoliths

- Tagging Program: Striper, Cobia, Red Drum, Flounder, Speckled Trout
 - Find a fish with a:
 - Yellow tag = win a Hat, Towel or Pin
 - Red tag = \$100!

- Red Snapper
 - Agreed that the population is high than ever BUT said it's no currently stable. There aren't enough older fish to sustain the population

- Mandatory Report: begins December 1, 2024
 - Website not ready yet but will be by Decem
